School Enrolls 1,487 Students

Total enrollment in the Cameron Independent School District reached 1,487 last Friday, according to Supt. Charles Zeigler.

Of this figure, which is about 50 less than last year at this time, 1,070 students are enrolled in white schools and 417 in O.J. Thomas.

Zeigler said that the drop off in starting school attendance may be credited to the fact that Davila students are transferring to Bartlett school system this year. He added that several more students registered earlier this week but no exact figures are available.

The Cameron school district is still classified as 2A, with a white school enrollment of 367. An average attendance of 430 high school students for two years is required for a 2A classification.

"Unless there is a consolidation of some of the small schools around Cameron in the near future," said Zeigler, "it looks as if we will be 2A for quite some time."

A closer breakdown of the school registration looks like this:

Ben Milam schools had a total enrollment of 245 students as of last Friday.

This includes 79 first graders; 75 second graders; and 82 third graders.

Ada Henderson enrolled a total of 453 students.

There are 92 fourth graders; 94 fifth graders; 83 sixth graders; 82 seventh graders; and 83 eighth graders.

High School student enrollment stands at 267.

There are 86 freshmen, 107 sophomores, 96 juniors, and 78 seniors.

Zeigler said that special education courses for exceptional children totals 20 students in the two schools; nine in Ben Milam and 11 in Ada Henderson.

O. J. Thomas enrollment figures stand at a total of 417 students.

There are 43 first graders; 35 second graders; 40 third graders; 29 fourth graders; 43 fifth graders; 38 sixth graders; 52 seventh graders; and 24 eighth graders.

High School Students number 100 strong, including 49 ninth gr., 23 tenth graders, 19 eleventh graders, and 9 twelfth graders.

O.J. Thomas has 14 enrolled in special education courses.

It's back - to - school officially now that the football season is underway.

Time for a little safer driving perhaps around of Yoe Campus and schools throughout the city.

104-104-104

A large turnout of Yoesmen football boosters went to the Rosebud game. The Panthers Stadium was packed to overflowing for the season's first game.

An interesting view awaited drivers after the game on the return trip.

The line of headlights and red taillights must have extended several miles along the roadway where construction continues on US 77.

104-104-104

It was hard to believe that football was on the sports schedule that night. The football players probably thought so too.

Looking down from the stands, we could imagine it a better time for a swimming meet. The mercury must have splattered itself at about the 90 plus mark.

104-104-104

Cameron's coaching staff, under the leadership of George Kirk, gave a post - game report to Cameron Rotarians Wednesday.

Kirk said his defense showed well last Friday night and that offense work was well underway this week. It is a good commentary on the football program this year that 67 boys are out for A and B team programs and some 30 are out for the junior high program.

"A Texan soldier was playing poker with several English soldiers. He happened to draw four aces.

"One pound," ventured the Englishman on his right.

"Ah don't rightly know how you all count your money," said the Texan, "but I'll raise you a ton."

Game Tickets Being Sold At Yoe High

Tickets are on sale at the Yoe High School Principal's office for the Cameron - Marlin football game scheduled for tomorrow night in Marlin.

Principal Jack Hughes said the tickets may be obtained for \$1.25, until noon Friday.

School Holidays Named For Year

The 1963-64 school calendar for Cameron's Independent District calls for the school year to last from September 3 (Tuesday a week ago) to May 29 when students will pick up the year's report cards.

The first school holiday isn't until the sixth - weeks period when school is adjourning the Thanksgiving, Thursday and Friday, November 28 and 29.

Christmas holidays follow, beginning at 2:45 p.m. December 20 and school resuming January 2.

Second semester begins with the fourth six weeks on January 20.

The Texas State Teachers Association District Convention will be held March 13. O. J. Thomas teachers will take holidays for their District Teacher's Convention and one additional day for their visitation in another school district at a date to be approved.

Easter Holidays begin Friday, March 27, and school resumes on the following Tuesday.

Yoe day recognition will be the 14th of May, the second Thursday of the month.

Baccalaureate services will be held May 24 at Yoe High Stadium. Yoe High School commencement exercises are scheduled for May 29.

O. J. Thomas baccalaureate services will be May 24.

A teacher's conference is scheduled with school principals for May 28 and 29.

Ada Henderson school promotion will be May 29 and all students report back to school for final grades on May 29.

CHARGED WITH MURDER — The Camera catches Thelma Pittman in the above picture just minutes after she shot to death her husband, John Pittman, in their restaurant, The Wagon Wheel Inn, last Saturday morning. Mrs. Pittman is standing directly behind the counter from which she shot her husband while attempting to hit another colored man who was causing a disturbance. She is being held in Milam Jail.

Woman Arrested In Murder Case

A forty-one year old Negro woman is being held in Milam County Jail on charges of murder with malice in connection with the shooting death of her husband, John Pittman, 43.

Charged with murder is Thelma Pittman who allegedly shot her husband to death with a 30 calibre pistol Saturday morning about 3 a.m.

The incident occurred in the Wagon Wheel Inn, an all night Negro restaurant located at 905 West Fourth Street in Cameron.

Also charged by County Attorney John Henderson, Jr. in connection with the shooting was Clarence "Buba" Blaylock, 25.

Blaylock is being held on disturbing the peace charges and bond has been set at \$200 by Justice of the Peace, Jess Brock.

The Cameron City Police received a call about 3:30 a.m. from the Wagon Wheel saying there was trouble of some kind and to investigate.

When City Patrolman Clint Dodd and Ted Smith arrived on the scene they found Pittman's body stretched out on the floor and Mrs. Pittman standing behind the restaurant counter.

The only other person in the restaurant was Fred Hoyle, Jr. He was seated at a corner table when police arrived.

As patrolman Smith approached Mrs. Pittman, she raised a 30 calibre pistol, hammer cocked, and handed it to him. Smith took the gun and shut the hammer, then handing it to Patrolman Dodd.

Justice of the Peace Jess Brock was called to the scene at 3:45 a.m. He pronounced Pittman dead. Pittman had been shot in the right side, directly under the armpit.

The bullet passed diagonally through the body causing almost instant death.

Pittman was lying at a 45 degree angle from the restaurant front wall. His head was seven feet, seven inches from the restaurant's serving counter; his feet about two and one-half feet from the door.

Mrs. Pittman told the following story of how the shooting occurred: Shortly before three a.m. two Negro men, Blaylock and Robert

Hobbs entered the restaurant and caused a disturbance, saying they wanted to shut her place down. They insisted on being served a large order of sausage; at the same time, cursing Mrs. Pittman and threatening to close her down.

PITTMAN DOZING During this time, John Pittman was seated at a table near the restaurant's door with Hoyle. He apparently dozed off and wasn't aware of the argument between his wife and Blaylock.

Blaylock and Hobbs finally walked out of the restaurant and then Blaylock re-entered.

This time according to Thelma Pittman, he cursed her and said he was going to kill her. As he advanced toward the counter, she pulled the pistol and fired once, missing Blaylock and striking her husband, who had just awakened and leaped toward the door.

Hoyle caught Pittman before he struck the floor. Blaylock and Hobbs fled the scene but were apprehended later by Police Chief Elvin Hoskins.

Mrs. Pittman apparently cocked the pistol hammer again before rushing to her husband's side. Several other people in the restaurant left, leaving authorities with only one witness.

Attorney Henderson said that the murder with malice charge was based on the fact that Mrs. Pittman had intended to shoot Blaylock but the wound inflicted on her husband merely indicated a transfer of intent to murder.

Ag Picture Looks Better For Milam

GRAND JURY WILL REVIEW CASES TUESDAY

Mayor Praises Council Effort

A grand jury hearing is scheduled for next Tuesday in Milam County Courthouse, according to County Attorney John Henderson, Jr.

The grand jury will consider two major cases.

Murder with malice charges have been filed by Henderson against Thelma Pittman, 41, who allegedly shot to death her husband, John Pittman, 43, last weekend in a Negro restaurant.

A charge of assault with intent to kill will be considered against Elton Schiller, a Milam County farmer, who wounded Sheriff Carl Black in a farmhouse gun battle two weeks ago.

Several lesser cases are pending in Henderson's office. Three hot check cases, one DWI, and a theft case are pending.

In the Pittman murder case, Henderson said that although, according to her statement, Mrs. Pittman was shooting at two men who entered her cafe and started a ruckus, the charges remain the same and that merely a transfer of intent to murder, applies in the case.

Also charged in the case is Clarence "Buba" Blaylock, who threatened Mrs. Pittman before the shooting took place.

Elton Schiller, a former mental patient, charged with insanity and attempted murder. He attempted to shoot several other police officers during the melee in the Vogelsang Community that wounded Black two weeks ago.

During most of the escape he was nude and continued his threats after being arrested and carried to Milam Jail.

He also shot his father, Ed Schiller, in the knee. Both his and Black's wounds were superficial.

FHA Approves The first soil and water association loan for Milam County has been approved by Farmers Home Administration for Minerva in Milam County.

The 44,000.00 soil and water association loan by Farmers Home Administration to Minerva Water Supply Corporation will include funds to provide a sanitary water system consisting of the drilling of a deep well and installation of pump and 30,000 gal. ground storage facilities and distribution system with fire plugs to serve approximately 37 families, several small businesses, churches and livestock in the community.

It is estimated that the monthly water consumption will be 159,000 gallons fed through 14,335 feet of pipe. The total cost of the new system will run \$45,600.00 with \$1,200.00 being furnished by the borrower - members, according to Henry N. Ivey County Farmers Home Administration Supervisor for Milam and Burleson Counties.

L. J. Cappelman, State Director of Farmers Home Administration in Texas, pointed out that a good supply of water is an asset for any community since living conditions will be improved and income will increase after installation of the system. The rural areas development work of the U. S. Department of Agriculture in cooperation with leaders in local communities attempt to improve rural areas through projects such as this.

The Farmers Home Administration direct loan will have a repayment period of forty years with a 4 1/2 percent interest rate.

Officers of the association are Delmar D. Solomon, President; Royce Busbey, Vice President; Mrs. D. E. McDaniel, Secretary - Treasurer; Joe Tomerlin and Mrs. Robert Currey.

Non - profit organization may be eligible for this type of association

Years Of Fire Fighting

(Editor's Note:) This is the first in a series of articles about Milam county and its people - senior citizens, upcoming youngsters, and steady Cameronsites - all are people of lasting interest.

Forty-one years is a long time to drive any kind of a vehicle without having an accident. But when that vehicle is a fire truck and 41 years at its wheel means making over 2,900 fire runs - well that's really doing something.

But that is just what Frank Richter Sr., at the wheel of Cameron's fire trucks since 1922, has done over the past 41 years.

Last week marked the passing of several milestones for Richter.

He made his 2,900th run; answered more calls during August than ever before in a single month, 38; and can still say, "I've never had an accident the good lord has been with me."

Richter 67 took the job of fire truck driver at the age of 28, in 1922 after much pressure from city officials. He relieved Joe Matula who went to work for the Cameron Post Office.

Richter said, "I was operating a garage in Sante Fe town at the time and just didn't care too much about driving a fire truck but they kept after me for three

months and finally I said I'd take the job."

Richter lives with his wife the former Miss Fanny Loughbarger, in living quarters directly above the fire stations.

These quarters were remodeled in 1952 along with the City Hall. A telephone hook-up from the living quarters to a recording machine in the station records the location of fires any time, day or night. Firemen call a code number when Richter sounds the fire alarm.

Mrs. Richter has pretty well gotten used to her husband's tedious 24 hour a day job, says Frank. But she still always gives him a "Be careful warning before he leaves on a run."

The fire department has one engine that came along not long after Richter. It is a 1927 American France that holds 150 gallons of water and sold for \$9,500.

"We very seldom use that truck," says Richter, "But it still pumps good. A new one just like it cost in the field of \$14,000."

"We have a 41 Ford, 1952 GMC and a 1962 Ford, all in good condition."

Richter recalls with ease the Old Mill fire in 1925, as the worst he has ever had to cope with.

He has a son, Frank Richter Jr., an employee of Culpepper Furniture store, a daughter Mrs. Shorty Matula also of Cameron and another daughter, Mrs. Dorothy McLaughlin a Houston resident.

In a statement last week Cameron Mayor Coleman Duncum commended the efforts of city councilmen for their part in preparing the 1963 - 64 city budget.

Duncum said, "These gentlemen have done one of the best jobs possible and I personally extend to them my gratitude for their foresight in the use of tax money for betterment of Cameron."

"Cameron is in the best financial condition," he added, "that it has been in for many years and much of this is due to the fine representation we have in city government, our city council."

The City budget was adopted September 3 in public hearing at City Hall.

There was no citizen opposition.

The budget calls for a \$22,051.29 increase over the city budget of 1962 - 63; from to \$273,042.50 to \$295,103.79.

Other recent work cited included completion of stripping around the public schools; completion of base and prime coats on Ross, Bowie Avenue, and 8th Street from Emancipation to Orchard Avenue.

Work continues this week on proposed street topping and curbing processing.

The city water department reported numerous work since last council meeting which included cleaning of three stopped sewer lines and cleaning of sludge from the sewer plant.

The council also approved all bills presented by department heads and also voted to purchase an air conditioning unit for city hall.

Those of us who sometimes get discouraged with it all because of the weather, especially those whose next meal ticket depends on it, would recall a note given the Herald by an old - timer who has seen years, but not necessarily better years.

It was 42 years ago Tuesday that a sudden torrential downpour struck the Milam area flooding the San Gabriel and Little Rivers.

Thirty - three inches of rain showered down and finally when the banks of the rivers could hold no more, the water gushed out and overswept many homes causing the drowning deaths of 65 persons.

From Taylor to San Gabriel was nothing but water as far as the eye could see, cattle and other livestock were helplessly lost.

Not from low market prices but from thousands of tons of water no chance for a good agriculture year in 1921. A picture is some compensation for this year's drought, it could have been a flood year like 1921.

A threat of prussic acid poisoning slowed down applicants a bit last week when one Milam farmer almost lost six cattle due to the poison.

However, adequate medical steps are being taken to prevent further effect of the acid poisoning.

Government appraisers are still busy checking the Milam area grazing land.

Survey Cards Will Be Distributed By Area Mail Carriers

Postmaster John Hays announced today that Rural Mail Carriers will begin distributing 1963 Acreage Survey Cards to patrons on their routes about September 12.

The Post Office Department assists U.S.D.A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1963.

When funds are appropriated by Congress, the limit on this type of loan is \$500.00 and when money is furnished by private lenders and insured by Farmers Home Administration, the limit is \$1 million.

COTTON CROP NEARS FINISH AROUND AREA

Milam County's agriculture picture is somewhat brighter this week as the area's cotton crop swings into its last lap and farmers and ranchers continue to use diverted acreage and soil bank land through the county disaster program.

The Cameron Compress told the Herald Tuesday that about 20,000 bales of hay had been processed there, 15,000 of these have come from Milam County.

Practically all of the local cotton crop is baled with the exception of cotton in the Brazos River Bottom. Much of this cotton will be baled and processed in the Hearne area.

Milam's drought year has meant a good year for the cotton farmers, a change of scene from the trend Central - Texas has leaned to in recent years.

The Camerons ASCS office says that about 50 landowners have applied for use of soil bank, diverted wheat and grain acreage since Milam was declared a disaster area two weeks ago.

Manager Alva Sanders said Tuesday that most of the land being grazed, previously not to be used until October has been appraised as poor and fair vegetation cropping.

"There are a few farms where the vegetation is good," he said, "but most of them are divided about equally between poor and good, due to this summer's dry conditions."

The ASCS program calls for higher prices to be charged for the better grazing land if it is taken out of diverted acreage or soil bank before October.

Government appraisers are still busy checking the Milam area grazing land.

A threat of prussic acid poisoning slowed down applicants a bit last week when one Milam farmer almost lost six cattle due to the poison.

However, adequate medical steps are being taken to prevent further effect of the acid poisoning.

4-H Club Notes

By Charles Henson

Ass't Milam County Agent

As promised in previous 4-H Club Notes, here is the first highlight of a County Record Book Winner. Here will get 1 each week until all 21 county winners have been recognized.

Gwendolyn Jistel, daughter of Mr. and Mrs. Hubert Jistel, has been in 4-H Club work for six years. During the years in 4-H Club work she has carried projects in Dairy, Poultry, Swine, Field Crops, Frozen Foods, Recreation & Grain Marketing. She has also filled out Records for Achievement, Sante Fe and Agricultural. The Agricultural Record Book won Gwendolyn First in County and Third in District this year.

A summary of the total accomplishments for Gwendolyn are as follows: POULTRY - Blue ribbons in 1959, 1960, 1961, 1962 and a Red ribbon in 1963; DAIRY - Blue ribbon in 1963 and Grand Champion; SWINE - Blue ribbons in 1959, 1961.

1962, Grand Champion in 1962, and a White ribbon in 1960; CORN - Grain Marketing Medal, 1959; RECREATION - County Medal, 1960; LEADERSHIP - She has served as President, Secretary, Treasurer, Reporter, Recreation Leader, and Council Delegate of her local club. She has served as Secretary and is In-coming Girl's Vice Chairman of County 4-H Council.

Gwendolyn said, "I am very happy of having this opportunity to be in 4-H because it has taught me to care for different projects, to take responsibilities, and it has given me the opportunity to meet new friends whom I would have never met."

The Sears Gift Show was held last Saturday morning, August 31, at the Cameron Livestock Auction Barn. Stanley Garrison won first place and will show his gift at the Area Show in Waco.

Melvin Hollas had the Second place gift. Third place went to Eugene Vaculin; Peggy Stephens was Fourth and Jamie McQuary was Fifth.

Mr. E. D. Clements of Granger was the Judge. He said, "This is the best group of gifts that I have Gilt Program."

Small cuts in tractor tires can be prevented from becoming big ones by first cleaning stones or foreign matter from them with a screwdriver, and then beveling the edges of the cut with a sharp knife to make a cone-shaped hole. This tapered hole will not fill up with dirt and stones which would spread the cut and make it more damaging.

ASCS

September 15 is the final date for cotton producers failing to plant 75 percent of their 1963 allotment to protect their cotton history, according to Alva E. Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service.

If failure to plant was for reasons beyond control they may file a written application by September 15 with the county committee giving reasons for not planting, and request that no downward adjustment in the base acreage be made. If such a waiver is not requested and approved, farms failing to plant or release 75 percent of the allotment this year, will have the 1964 allotment reduced, Sanders said.

Those producers qualifying were urged to take advantage of this provision.

Rogers School Notes

Enrollment Increase

Rogers — Enrollment in the Rogers Public Schools has taken a rise of 9 per cent over the first of school in 1962 - 1963. The elementary school enrolled 307 the first day as against 298 last year; the high school 207 now and 190 last year. Total enrollment the first of school this year is 514.

The larger than usual increase in the initial enrollment is partially due to new families, Supt. B. F. Harbour stated. However, the early cotton harvest probably accounts for a part of the early increase in initial enrollment.

Fellowship Planned

After Grid Contest

The Young people of the First Baptist Church of Rogers will be host after the football game in Friday night to the young people of the community of high school and college age.

Karry Guess, director of youth activities for the church said a reception will be held in the new Fellowship Hall at the back of the auditorium.

Cameron Women Will Represent Milam At A&M Club Meeting

The initial meeting of the Executive Board of the Federation of Texas A&M University Mothers' Clubs for the year 1963-64 will be held Saturday, September 14, at 9:30 a.m. in the Birch Room of the Memorial Student Center on the A&M campus.

Mrs. Niley Smith, Sr., is the Milam County representative who will attend the meeting.

Mrs. John G. Frank of Houston, president of the Federation, will preside. All local club presidents, members of the executive board, and delegates are expected to attend.

Baylor University Will Offer Library Science For Study

Baylor University will offer a new career major in Library Science this fall, according to James Rogers, acting university librarian and chairman of the new department.

Rogers said, "A personnel shortage in the field of library services has motivated the development of the Library Service department at Baylor."

He also said there are 18,000 jobs available for trained people in the nation's 62,000 libraries.

Figures Released For Draft Quota

Austin, Tex., — September 3—The state draft quota for October calls for 847 men, compared to 609 for September, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

State draft calls, on the rise since August, when 552 men were requested, were much lower earlier in the year. The state quotas in July and June were 349 and 187, respectively.

The state quota of 847 for October is the Texas share of a national call for 17,000 men, all for the Army.

Nearly 3,000 men over the state will be called up for pre-induction physical and mental examinations in October, also, the state director of Selective Service said.

Local board quotas for the October call already have been figured and sent to the state's 137 local boards.

The October quota will be filled with men who are least 22 years old by October 1, except volunteers and those legally termed delinquent, who may be younger.

Colonel Schwartz said he expected monthly quotas to be higher than usual the remainder of the year.

Dedication Set For Memorial Foundation

Groundbreaking for the Landrum Memorial Foundation will be held on Wednesday, Sept. 11, at noon on the Southwestern University campus, announces Dr. Durwood Fleming, President of the university.

The fountain will be located in the mall between the Alma Thomas Fine Arts Center and the Cody Memorial Library, and was given by Mr. Neeley G. Landrum of Dallas and Mr. James N. Landrum of Garland in memory of the daughter and sister, the late Mrs. Marguerita Landrum Williams.

Kayak's Pride Sold To Milam Resident

James Pery Cotton of Milam has recently purchased the registered Brown Swiss bull, Kayak's Pride, 140658, from Martin J. Jenke, Thorndale.

The bull is registered through the Brown Swiss Cattle Breeder's Association of Beloit, Wisconsin, according to Fred S. Idtse, association secretary.

The best defense against a farm fire is a good fire extinguisher located in the right place. Every farm home should be equipped with suitable hand extinguishers that are properly maintained and can be easily reached if needed.

Several Changes Made In College Extension Staff

FARM Several Changes 1-24 College Station — Weldon H. Newton, assistant entomologist in charge of insect survey work since October 1960, on September 1 was assigned new responsibilities. He will have the same title, according to Director John E. Hutchison, Texas Agricultural Extension Service, but will devote full time to Extension work covering all phases of entomology.

Newton is a native of Brawn county and holds both B. S. and M. S. degrees from Texas A&M University in entomology.

Donald Joe Osbourn on September 1 was named assistant animal husbandman (swine) on the headquarters staff. He is a native of Llano county and since February 1962 has been serving as assistant county agent in Jim Wells county. He received a B. S. degree from Texas A&M University in animal husbandry in 1961 where he was a distinguished student and member of the livestock and meat judgment teams. He also is the holder of an outstanding 4-H record in swine production and livestock judging.

Director Hutchinson said Osbourn would devote considerable time to filling in for T. D. Tanksley who is doing graduate work. His experiences in 4-H and FFA work covered the production and handling of all types of livestock, including selection, breeding, feeding, fitting and showing, the director added. His farm background plus the extensive experience he has already gained should prove most helpful in his assignment, Hutchinson said.

Hanover Gathering Set For September

A Hanover Homecoming will be held a week from this coming Sunday, September 22 at the Hanover Church.

Everyone is asked to bring a basket lunch and singers are urged to attend.

DO IT BETTER Electrically!

COOKING • CLOTHES DRYING • HEATING • COOLING • WATER HEATING • LIGHTING

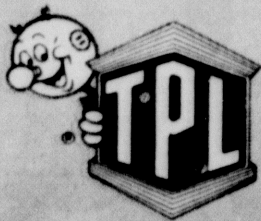

COOK flamelessly!

"Really, Martha, the first time you cook with an electric range you'll wonder why you waited so long to see what it's like!"

This bit of conversation is typical of that you'll hear from the thousands of housewives who have made the change to flameless electric cooking. And, it's easy to understand when you consider that with electric cooking simple controls provide recipe-exact temperatures . . . top elements are in direct contact with utensils so that very little heat "spills" out into your kitchen . . . and, with no flame, pots and pans and your entire kitchen stay cleaner.

P. S. to Martha: Before you buy a new range, work up a "Dutch Dinner" evening with a friend or a member of your family who owns an electric range. Try for yourself cooking the flameless electric way. We know you'll like it.

Cameron VS Marlin Sept. 13 At Marlin Field Support The Yoemen!

A Look At
SPORTS
BY ROBERT MANN

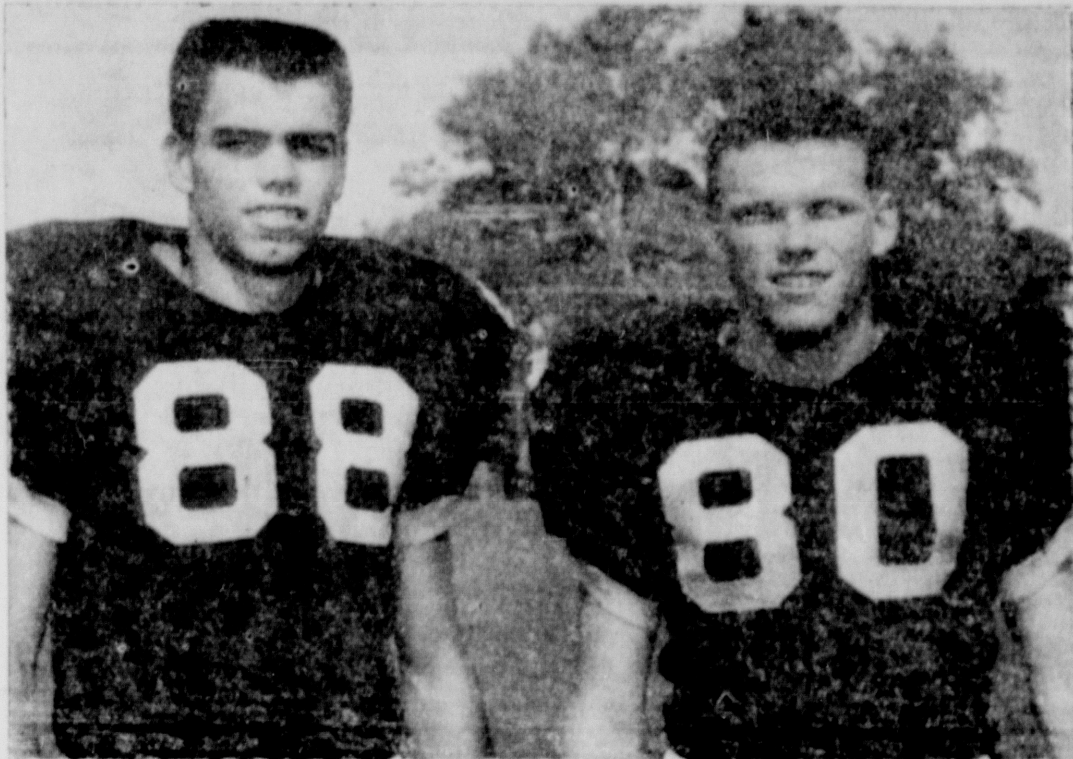

This week the Herald introduces a new sports page format - that's newspaper language for page layout, or to simplify things a little more - the way a page looks, position of various stories, adds, columns, etc.

In the past the Herald has played up the Cameron Yoemen's most recently played gridiron game as lead sports story and used action pictures taken at the game in connection with the game story, but alas, things are changing.

After much deliberation and consideration on behalf of staff members and football fans who gave us their opinions, we have decided to give the lead story to the pre - game article.

This leaves the actual game story ranking second or third in sports page importance. Here is why:

When the Herald goes to press

READY FOR AERIAL ATTACK — The Yoemen's tall ends, Merlin Lester and Ronald McWilliams are ready for a stiff game of passing offence when

Yoemen Set For Marlin Grid Tilt

Cameron's crew of Fighting Yoemen will match wits with another gridiron team tomorrow night that is picked as strong candidates to take home their district championship.

It will be the Yoemen vs. Marlin's Bulldogs in Marlin territory; kickoff time 8 p.m.

Last week the Bulldogs were defeated 18-6 by Gatesville. The Yoemen are still recuperating from a 22-0 shellacking handed them by Rosebud.

The starting Bulldog lineup will average 166 pounds; the bulk of that weight is in the line, averaging 172, and the backs tipped the scales at 160.

Yoemen Coach George Kirk still undecided about his starting lineup but the weights should be about the same as last week.

The Yoemen, unhurt by injuries during pre - season training were hard hit week.

Auggie Dohnalik has a fractured hand and is supposedly out of action for several weeks, but in Kirk's words, "Auggie said he was going to play Friday night."

Clark Wohleb, stocky Yoemen halfback, suffered a broken leg in last week's game with Rosebud and doctor's say he'll be out of action for six weeks although the break is only a minor one.

Changes in the Yoemen lineup will consist of playing more sophomore and junior boys who showed exceptional talent last week.

Mack McKinney sophomore quarterback, will get the nod at the play - calling slot. He will be backed by junior Dick Ponder.

Kirk also said that Eugene Wallace, 155 pounds, will be alternated with Merlin Lester at an end position and Douglas McPharland will see more action this week at an end or halfback slot.

Kenneth Angell, 148 pound sophomore, will alternate at an end with McWilliams or McPharland. "Angell will knock a wall down to play ball," says Kirk. "And that is what we like to see."

In the backfield Dennis Jistel,

Donald Manley, and Larry Paul Manley will be fighting it out for the tail back slot, left open by Wohleb's injury. Larry Plenti will probably see more action at wing-back.

Kirk said that offensive team will switch more to a prototype and his kickoff and punting chores still remain a problem.

The Marlin squad, who operated last week without a service of their big fullback, Steve Palacios, are going to be a little tougher than their score appeared against Gatesville.

Also tabbed as top prospects among the Bulldog's 14 returning lettermen is combination end - quarterback, Jim Lyons.

Kenneth Cohn, 170, is the only senior starting in the backfield. Quarterback Dicky Severson, a 150 pound junior, will do the play calling.

Biggest men in the line are Bobby Ray at 205 and Edwin Green at 170.

Yoe Drops Opener, 22 - 0

The breaks all broke the wrong way for the Cameron Yoemen last Friday night in Rosebud as their Black Panther gridiron team chalked up a 22-0 victory in the season's opener.

Young Rosebud quarterback Harlen Wunsch proved himself to area fans in his debut at the play calling slot against the Yoemen. He accounted for two of the Panther touchdowns.

Following an early first quarter scoring it was a nip and tuck contest until midway through the third quarter when the Yoemen had difficulty in hitting the right receivers with the passes and hanging onto the pigskin when deep in Panther territory.

The first Panther paydirt tally came three minutes deep into the game when Cameron back Clark Wohleb lost control of the ball on his own 18 yardline.

A Wunsch pass to end Lee Castilleja picked up a 12 yard advantage to the Cameron nine yardline. Fullback Tom Gaitner put Wunsch within running distance of the goal with a two yard plunge up the middle.

Wunsch chose a keeper play and swept wide around left end for seven yards and paydirt. His pass attempt to pick up two extra points failed.

Another Cameron miscue near the end of the first quarter cost the Yoemen two points.

The Yoemen were backed against their own 13 yardline when a high flying hike from center Mike Perrin sailed over potential punter Merlin Lester's head and was recovered in the end zone by the Panthers, pushing them out front by a shutout score of 8-0.

A tight Yoemen defense held the

Three Way Tie In Rockdale Bowling League Action

Rockdale's State Bank, Prewitt's Drug, and White & McLeod are all tied up for first place in the Nightlighters Bowling League.

Each team has posted a 3-1, won-lost record.

Dunn Drilling Co and Butterkrust squads are next in line with 2 wins and 2 losses each.

Dairy Queen, Maureen's Embroidery, and Yoakums House Moving bring up the tail end of league standings with 1-3, won.

High series honors for individuals were held last week by Peggy Stauffer with 472; Kathy Betchan with 456; and Marie Laake with 453. Team wise Rockdale posted a 2,078 series followed by Dairy Queen and Prewitt Drug.

The high individual game was bowled by Inez Lightsey with a 187; Marie Laake had a 174 and Loree Irby and Gloria Neeley each rolled a 173. The high single team game went to State Bank.

Peggy Stauffer holds a league high average of 157. Kathy Betchan has a 152 average and Marie Laake 151.

Dogs Finish First In Summer Bowling League Competition

Final standings in the Mixed Summer Bowling League found the Dogs in first place, followed by the Eagles.

Bennie Mayer had the season's high average among the women with a 160. Ted Matula rolled a high average and high game for the men with 170 and 143 respectively.

Joe Zawadzke has the season's high series with 593 and Doug Smith was named the most improved player with an 8 point improvement in 12 games.

Team members of the Dogs are Albert Michalka, Jodie Pernice, Bennie Mayer, and Ted Matula.

The Eagles are Irene Mees, Gladys Titsworth, Monk Matula, and Charlie Kunz.

Panthers in check throughout the second frame.

Cameron switched to the air for their ground gaining and called on sophomore quarterback Mack McKinney for the arm work.

McKinney had problems hitting the right receiver but hit for distance passes several times and made the Yoemen's longest run of the night, a 21 yarder, near the end of the third quarter.

The Panther's second TD came knee deep into the third quarter when a rushing Panther lineman blocked a Yoe punt attempt and took possession on the Yoemen 14 yardline.

A penalty moved the ball even deeper in Cameron pastures and a 12 - yard dash by Gaitner set the scene for W. D. Swanzey's five yard plunge over the stripe-good for six tallies.

William Foshea went over for the two extra points that needed Cameron's winning possibilities deep in the hay stack of unlikelyness.

Cameron continued to alternate their ground and passing attempt with some success. Using Dick Ponder and McKinney at quarterback and picking out new receivers in

Buckholts Drops Opening Contest By Seven Points

The Buckholts Badgers dropped their opener to Milano by a score of 19-12 last Friday night.

Buckholts opened the scoring in the first quarter on an 8 yard plunge by Lawrence Hanke. Milano came back strong with Carlos Hernandez sweeping left end for 33 yd. TD run. The conversion attempt failed and the score was tied 6-6 at the end of the 1st quarter.

Buckholts scored their other touch down just before the first half ended when QB Don Glaser passed to Larry Kudlacek for 16 yards and a TD. This was the way the game stood at the half.

Throughout the second half Buckholts' offense withered and Milano's offense became stronger. Milano's second TD was the result of a pass from Ward Paschall to Don Wyatt for 21 yards and 6 points. Hernandez ran the extra point to give Milano the lead 13-12. The final touchdown of the second half came when Carlos Hernandez again swept left end for 12 yards.

Outstanding defensively for Milano was Ward Paschall.

Defensive standouts for Buckholts were Jimmy Prater and Tommy Gresak.

Larry McPharland, Larry Plenti, and Dennis Jistel, they moved inside the Panther territory but could not progress and farther than their 40 yard line in the second half of play.

The Panthers started the final quarter with a slam as far as the hometown Rosebud folk were concerned. Little halfback Alfred Castilleja interrupted a pass and ran it back to the Rosebud 48 yardline.

Another 15 yarder to Castilleja and several short drives sent the Panthers on their merry way to a 22-0 victory.

Wunsch wrapped up the scoring department with another sweep around left end for 11 yards. Foshea was stopped short in his attempt to gain extra points.

YOE COACHING STAFF SELECTS

WEEKLY STARS

The Yoemen staff of coaches have announced the first of their weekly selection of "players of the week."

Defensive player of the week honors went to Mike Perrin, 169 pound junior center, who had eight single tackles to his credit Friday night.

Close behind him were Larry Paul Manley, R. L. Mikulec, and Louis Dohnalik.

Offensive lineman of the week was junior Clifford Evans, 154 pounder, who connected with 72 per cent of his blocks. Behind him was R. L. Mikulec at 59 per cent and on down the line, came Mike Koranek and Larry Hillman.

Dennis Jistel, the number 22 everyone was asking questions about shared offensive back honors with quarterback Make McKinney.

These players were selected after viewing the game film and each player was graded on every play.

Kathi Hairston Is Pep Squad Mascot

Kathi Hairston, 4 year old daughter of Mr. and Mrs. A. B. Hairston, was named Yoe - Ett Pep-squad mascot and will attend all games with the Yoe - Ettis.

The club reported 100 percent membership attendance at the Rosebud football game last week including their new freshman member, Johnnie Cochran. Sponsors for the group are Mrs. Joyce Crow and Mrs. Dorothy Foster.

Yoe Boosters Cut Membership Fees

The Yoemen Booster Club accepted a motion to lower annual fees to \$4 in their regular meeting held last Monday evening in the YHS ag building.

The club selected M. C. Ponder as their "Coach of the Week." Ponder will travel with the Yoemen to Marlin football game and stay with the players throughout the event.

Salvation Army Goal Is \$2,000

Cameron's 1963 Salvation Army Fund Raising Campaign has set its tentative goal at \$2,000, according to Forrest Sapp, Campaign Chairman.

The fund raising campaign will get started with a coffee at the Texan Cafe September 17 at 9:30 a.m. Volunteer workers are urged to be at the meeting.

"Here is a fund drive I am proud to be a part of because I know that all year long this money is going to be serving the needs of many people," Sapp said.

Don Humble, head of the Special Gifts Division, said that many were taken care of last year by the fund drive.

Some of these were: Clothing for needy children, transportation to hospitals on specific occasions; food for hungry families; rent payment to avoid eviction - all regardless of race or creed.

In addition to this five youngsters were sent to the Salvation Army Summer Camp for a week.

"Really," said Judge Humble, "the public of North Milam County has had a part in a wonderful program of help over the past year."

"Because," he added, "it takes two - The Salvation Army and you."

The local Salvation Army Committee is composed of: Humble, J. W. Tolson, vice-chairman; E. E. Curtis, treasurer; Elvin Hoskins, F. L. Gregory, Mrs. A. F. Swanzey, Mrs. Herman Dörner Sr., Mrs. V. N. Thweatt, and Floyd Stark.

The Salvation Army Fund has the power to act immediately on a case and get service without delay.

LaVerne Schiller, B. Taylor Wed

Miss LaVerne Ella Schiller of Rogers was united in marriage to Bonnie Taylor of Temple at the Salem Lutheran Church near Rosebud Saturday evening August 31, with the Reverend W. A. Mueller officiating. The altar was decorated with white gladiolas and greenery.

The bride is the daughter of Mr. and Mrs. L. J. Schiller of Rogers and the groom is a son of Mr. Paul Taylor of Temple. Mrs. W. A. Mueller was organist and Miss Charlene Tharp of Rogers was soloist.

The bride was given in marriage by her father. She wore a floor length gown of imported silk or- over tulle. The scalloped neck- line was fashioned with lace and sequin trim matching the long tapered sleeves that came to points over the hands. The bouffant skirt featured a lace panel front ap- pliqued with lace roses to match

the husel back. Her veil of silk illusion fell from a closed crown of sequins and pearls matching the trim of her gown. She carried a bouquet of white carnations centered with an orchid.

Miss Gladys Shiller of Rogers, sister of the bride was maid of honor. Bridesmaids were Miss Paula Taylor, of Temple, sister of the groom; and Miss Patricia Kamenicky of Buckholts cousin of the bride. They wore identical dresses of red satin made by the bride's mother. They wore white accessories. Their bouquets were of white carnations.

Serving his brother as best man was Jimmy Taylor of Temple. Groomsmen were Edward Vasicek of Temple and Clifford Shiller of Rogers brother of the bride.

After the ceremony a reception held at the church. The bride's table was laid with white linen. Miss Peggy Green of Ft. Worth and Miss Mary Swinney of Rogers served the wedding cake. Serving the punch was Mrs. Donald Schraeder of Ressel and Mrs. Jimmy Taylor of Temple. Registering the guests was Miss Dorel Kirk of Waco, cousin of the bride.

For a wedding trip to the coast, the bride wore a beige suit with black patent accessories and the orchid from her bridal bouquet.

The bride is a graduate of Rogers High School, class of 1962, and was formerly employed in Austin in the Department of Public Safety. The groom is a graduate of Temple High School and is employed by the Temple Tile Company. The couple will make their home in Rogers.

'Treasures' To Be Fleur-de-lis Club Program Theme

Opening meeting for the Fleur-de-lis Garden Club year was held Tuesday evening in the home of Mrs. S. H. Richardson.

The program was a color film on flower arranging prepared by the Oasis Company.

Theme for this years Fleur-de-lis Club program is "Treasures in Gardening," and for their spring flower show the theme is "Treasures of the Seasons".

The comprehensive study this year will be Lillies.

Mrs. E. O. Smith Jr., new president, lead the business meeting and welcomed guests.

Pie and coffee were served following the meeting. Centerpiece for the dining room table was made by Mrs. John Schigut.

Co-hostesses for the meeting were Mrs. Gene Froemel, Mrs. Monroe Fuchs and Mrs. Richardson.

Mrs. Holliman To Head HD Council

Mrs. Clyde Holliman was elected chairman of the Milam County Home Demonstration Council at their recent meeting in the Citizens National Bank meeting room. Other officers named were Mrs. Hardy Young, vice chairman Mrs. Lee Keen, secretary, and Mrs. Ralph Caffey, treasurer.

Mrs. Wavy Charles reported on plans for the state meeting to be held September 17, 18 and 19 in San Antonio. Delegates will be Mrs. Preston Perry Jr., Mrs. Jack Stewart and Mrs. Charles.

Improvements Continue...

Downtown Cameron is getting a considerable facelifting at the corner of Main and Houston where the corner building is being completely redone for a specialty store.

Other plans, we understand, are underway for other major front improvements in that vicinity.

Add this to the prospect of a city contribution of \$5,000 toward construction of a new library and a special street building matching fund and you have real progress in continued community improvement.

Other fine improvements are develop-

ing in Cameron, now showing signs of blossoming forth during a year of good cotton and maize crops and difficult times for cattlemen, in a drought year.

Street paving continues through various sections of the community in established residential areas.

Officials are emphasizing the special value to putting curb and gutter along with new paving so that it will last the lifetime of the surface.

But all in all, Cameron is continuing an improvement pattern that will make attraction of industry easier and increased support of hometown people.

Ever Have A Backache?

Almost everyone does now and then. All the way from a dull, uncomfortable ache to sharp, almost incapacitating pain.

Some physicians credit soft beds and chairs and the other comforts of modern civilization with an increase in the number of persons who suffer from low back pain, says Today's Health, the magazine of the American Medical Association.

Once called lumbago, back pain is often caused by poor posture, obesity, ill-fitting or inappropriate shoes, a sedentary life, over-strenuous work, or participation in sports. It may also be due to disease not indirectly relating to the back or to injury or strain.

Low back pain may occur at any age but it seems to bother middle-aged persons most. It occurs in both sexes and in all races, and so more common with people who do work that requires stooping or lifting.

Good posture of the entire body is important in preventing low back pain. Sit with the head, shoulders, and trunk erect. When standing, the spine should be straight. Nee the military "ramrod" posture, but straight.

A soft, saggy bed and low, soft chairs contribute to backache. Chairs, ideally, should be firm, straight and have the contour of a normal back.

A low-heeled shoe is best for standing or walking. High-heeled shoes tend to throw the posture off balance and increase strain on the lower back. Loafers, ballet slippers and sneakers also may lead to backache if worn extensively.

In lifting heavy objects, keep the back straight and lift with the knees and thigh muscles, rather than bending over and straining the spine.

Baylor Offering Teaching Course For Illiterates

Central Texas interested in learning to teach illiterates are being invited to take a course at Baylor University this fall in Literacy Studies and Communications.

The program is now under the Religion and Journalism departments. Dr. J. B. Adair, professor of religion, will teach the course, assisted by Professor Dave Cheavens, chairman of the journalism department.

Dr. Adair said the course will be at 11 a.m. on Tuesdays and Thursdays. Everyone taking the course will have the opportunity of working with illiterate persons in a laboratory.

"Seeing and talking to some of these people makes you recognize the tremendous need for literacy work abroad," he said.

Like many other ailments, backache may be aggravated by emotional tension or anxiety.

Treatment of backache varies with the cause. When it's due to strain, usually rest, heat and pain reliever will help. Massage used in moderation, may help relieve discomfort. Your doctor may also recommend exercise to strengthen the muscles of the back and to improve posture.

Civic Garden Club To Begin New Year With First Coffee

The Civic Garden Club will begin its new year's activities Thursday morning with a coffee honoring the president Mrs. Leo Fuchs.

The meeting will be held in the basement of the First Christian Church at 9 a.m.

Hostesses for this meeting will be Mrs. Frank Schiller and Mrs. Willie Falkner.

A program, "Adventure With Flowers," will be presented by Mrs. Fuchs, after which Mrs. John Ryan will give the thought for the day.

Program chairman, Mrs. R. G. Graben, will present the year books and discuss each phase of it.

Each member is asked to bring a horticulture specimen to be judged.

New School Law Cited In Texas

By Vern Sanford

AUSTIN — Now in effect is a new compulsory school attendance law which requires school children ages 7 to 16, to go to school 165 days out of each 175-day school year.

Before the 58th Legislature passed this law, the minimum attendance requirement was 120 days. This left a wide margin for truancy especially by children of migrant farm workers who are on the move two or four months out of the year.

Laxity of compulsory attendance laws has been cited as one reason for the high rate of illiteracy among Latin Americans. Texas' rate of illiteracy is high for all races. It has been estimated that almost 10 percent of the state's population is functionally illiterate.

A recent U. S. census survey showed that the average school child in Texas, with a Spanish surname, did not go past the fourth grade. Average Anglo finished the 10th grade and the average Negro completed the eighth.

It will be up to individual school districts to see that children attend school 165 days a year, according to Leon Graham, deputy commissioner of the Texas Education Agency. However, the main responsibility lies with the parents. If a school officer warns the parents of a truant child, they are subject to a fine of \$5 for the next day he fails to attend school, \$10 for the second offense, after a warning, and \$25 for each subsequent offense.

Graham said it is no problem for a migrant parents to enroll his child in any school. No formal transfer is required. "Our schools are here to serve the children of Texas," he said. "All they have to do is say, 'Here I am.'"

SCREWORM PROGRAM PRAISED — Dr. E. F. Knippling — known as the "father of the screw-worm eradication program" — addressed Southwest Animal Health Research Foundation trustees at their annual meeting in Austin, and praised the progress of their eradication campaign. But he cautioned them against complacency.

Knippling reported that in August, only 81 screwworm cases were reported in Texas, compared to 5,088 in August, 1962. But a large percentage of the 81 were in the Trans-Pecos area.

Animal health officials feel the Trans-Pecos problem is a direct result of screwworm flies migrating from Mexico. Mexico's northern border has been the target of sterility fly drops for several months now. But newly-gained knowledge that the fly can travel about 180 miles on his own volition is worrying the officials.

Knippling said, "We must intensify our survey efforts to find where fly drops will be most effective; then widen the barrier to prevent infestation."

FALL RAINS MAY POSE PROBLEM — Charlis Scruggs of Dallas, president of the Southwest Animal Health Research Foundation, said his group is beginning to worry about a growing rate of screwworm infestation when fall rains come.

Cool weather and dampness, usually associated with fall, may couple with shearing and calving wounds to foster screwworms. Livestock producers don't take precautions. Scruggs said an "information campaign" will be launched soon.

NEW OFFICERS — Dolph Briscoe of Uvalde is the new president of SWAHRF. The young rancher just complete a term as president of the Texas and Southwestern Cattle Raisers Association, before he took the animal health post.

New vice-president is Joe Lane of Alpine. T. J. Richards of Paducah is secretary-treasurer.

EDUCATORS MEETING SET — Texas Association of School Ad-

ministrators and Texas Association of School Boards will hold a joint meeting in Austin on September 22 and 23 to hear talks on education in the Space Age. They will hold seminars on: School dropouts, the migrant pupil, religion and the schools, teaching Americanism-versus communism, and textbook selection in Texas.

POLL TAX REPEAL — Campaign for repeal of the poll tax as a requirement voting was launched by the Texas League of Women Voters, with Gov. John Connally and Vice President Lyndon Johnson giving their support to the movement.

On November 9 Texans will vote on a constitutional amendment to remove the 60-year-old requirement that you pay a poll tax to vote. Texas voting will be under the shadow of a proposed U. S. constitutional amendment outlawing taxes on the right to vote in elections of Federal officials. Legislatures of 36 states already have ratified this amendment, and when two more approve, it will go into effect.

Texas Legislature provided Texas a "do it yourself first" route by submitting the proposed amendment to the Texas constitution at the November 9 election. There is no chance for the U. S. amendment to go into effect until after that date.

TOURISTS — Texas' first formal effort to attract tourists will get under way now that Governor Connally has appointed the seven men to head the new Texas Tourist Development Agency.

Interestingly enough, most of the seven are natives of other states, indicating that Connally felt they would know best how to bring other Americans into Texas.

Frank Hildebrand Jr., former Louisiana, Baytown, Houston and Dallas news writer, will be executive director. For the last year, he has been chief of the travel promotion section of the Texas Highway Department.

On the advisory board which will help Connally direct Hildebrand are Bill Berger of the Hondo Anvil Herald and president of the Texas Press Association; Chris Fox, El Paso banker; James M. Gaines, San Antonio radio-TV executive and president of the Texas Tourist Council; John McCarty of Dallas vice president of advertising for Frito-Lay, Inc.; G. A. OLD PHILOSOPHER

Old Philosopher Tells How The United Nations Finds Itself Head Over Heels In Debt

Dear editor:

Sometimes the difference between a big man and a little man is that the big man just owes more money.

I don't know why I mention this, unless it was because of an article I read last night while I was going over bills I was suppose to pay before the 10th of the month.

According to it, the United Nations is 190 million dollars in debt and its financial situation is getting worse instead of better.

This has shocked a lot of people.

Now I'm not going into the philosophical purpose of the United Nations, that's out of my field although if the world ever eliminates war it'll probably be through a single police force, but don't ask me how we can swing it.

What I was interested in is the financial aspect of the organization. I mean, what's so surprising about the fact the UN is head over heels in debt?

You take 75 or 100 countries, each one of which is head over heels in debt, and let them form a super-organization like the UN, and what can you expect?

If 75 or 100 farmers who can't quite make ends meet organized a bank, how long you reckon it'd be before that bank was out of money?

Idealists who are shocked that the United Nations is financially embarrassed just don't understand how the world operates. I'll explain it to them. It goes this way:

The first unit of government a man comes in contact with is the precinct or town or city governments, 90 per cent of which are

in debt. The next is the county, 90 per cent of which are in debt. The next is the state, 90 per cent of which are in debt. The next is Washington, 100 per cent of which is in debt, the same as London, Paris, Moscow, etc. Under this system, where else could the United Nations be except in debt?

The only debt-free place I know of is the moon, and we're fixing to remedy that just as soon as we can get there.

You know where I can borrow some money on a second lien on a 1946 tractor?

Yours faithfully,
J. A.

Baylor's Theatre Getting New Face

A new face has been added to Baylor's Theatre to match the faces of the new faculty which will completely restaff the drama department.

Improvements and changes now underway include repainting the theatre inside and out, adding new outdoor signs, a new marquee sign, redecorating and reflooring of classrooms, and installation of stage lighting control board.

Dr. Henry Lindsey, new director of Baylor Theatre, has announced six major productions for the current season. They are:

"Gideon by Paddy Chayefsky; The Miracle Worker by William Gibson; Shakespeare's 'The Tempest'; Winnie the Pooh" the direction of Dr. Jo Hannah, and "Fandemonium Wine".

Out Of The Past From Herald Files

From the 1961 Herald

"There were fully 10,000 people in Cameron today and an extra big business was done by the merchants."

"Street Commissioner Ruby reported on time this afternoon to finish up the side walks around the new Methodist Church, but the elephant caught his paw and he had to delay the walk until Monday." (Evidently a circus was in town. Ed.)

"Judge C. A. Lankford left on the early train for Sherman to attend the State Presbyterian Synod."

"Four prisoners pried loose the bars, dug out the brick wall and climbed from the county jail with the aid of a rope made from 3 bed blankets. Jailer W. S. Massengale was out of the city at the time of the escape."

"People along Lee St. were horrified to see the fine team of T. G. Sampson running up the street with a buggy containing Misses Florene Sampson and Oliver Pool. The team are fast goers and were past on almost as soon as seen. The buggy finally hit an electric light company pole throwing the occupants to the street only slightly injured."

Veterans Refresher

Course Is Planned During September

Veterans Service Officers and others who are interested in veterans affairs will be afforded an opportunity to take part in a refresher training course.

The course will be held September 16-19 in the Granada Hotel in San Antonio.

Charles L. Morris, Executive Director of the Veterans Affairs Commission, said the conference will be conducted by the Texas Veterans Affairs Commission.

In The Service

Memphis, Tenn. (FHTNC) Jesse D. Pratt, aviation electronics technician second class, USN, son of Mr. and Mrs. Charles D. Pratt of Milano, Texas, was graduated August 2 from the Aviation Anti-Submarine Warfare School at the Naval Air Technical Training Center, Memphis, Tenn.

The six-week course introduces airborne anti-submarine equipment. It includes sonobuoy systems, operational tactics, principles of frequency modulation and transmitter and receiver troubleshooting.

Prior to graduation from this school students complete the Aviation Familiarization School and the Aviation Electronics School, also at Memphis.

Rodney Thorpe, son of Mrs. Stella Inez Smith, Route 2, Box 18, Cameron, enlisted in the Navy at Temple and is undergoing 9 weeks of basic training at the U. S. Naval Training Center, San Diego, Calif. Upon completion of basic training, Rodney will attend an Electrical Technician Training School prior to coming home on leave.

New Chianti Paperware Pattern Sets Menu and Mood

Saturday Night spaghetti suppers, as popular with grown-ups as
pizzas are with teen-agers, can now be served up with the built-in
mood of a Continental cafe. Simply use a brand new paperware
pattern, appropriately called Chianti.

Marketed under the Bondware
label, this red-and-white checked
pattern, warmly reminiscent of gay
cafe tablecloths, provides a colorful
setting for many informal occa-
sions: supper with family friends;
Sunday brunch parties; stop-by-
after-choir-practice night; Bowling
Night Buffet, for a few. It also
makes a gay setting for children's
parties.

The coating of a layer of plastic,
smoothly bonded to the paper, has
done much to give paperware a new
and glowing life indoors. Plastic-
coated paperware products now are
suitable for serving casseroles,
stews, gravies and sauces.

The Chianti pattern joins two
other new Bondware patterns: Blue
Delft, a fresh blue-and-white floral
pattern, and Bar-B-Que, a modern
stylized design in sharp relief. All
plates are available in the 9-inch
size. All are products of Continental
Can Company and are sold nation-
ally at prices comparable to similar
competitive products.

Here, Chianti sets the scene for
a Saturday Night supper with
friends—informal, colorful and
friendly. A wide-noodle version of
the Italian lasagne looks tempting
on plastic-coated paper plates.
Wicker place mats are used to under-

score the informal feeling of the
occasion. Hot coffee is an appro-
priate accompaniment to the meal
which is finished off with spicy
baked pears, a la leaning tower.

MENU

Little Italy Lasagne
Tossed Green Salad
Thin Bread Sticks
Leaning Tower Pears

Little Italy Lasagne
8 ounces wide noodles
1 pound ground beef
1/2 cup chopped onion
1 tablespoon cooking oil
3 cups favorite spaghetti sauce,
without meat
8 ounces cottage cheese
1/2 pound Mozzarella, thinly sliced
Grated Parmesan

Cook noodles, following package
directions. Meanwhile, brown beef
and onion in oil. Drain off dripping.
Add spaghetti sauce. Arrange half
the drained noodles in shallow bak-
ing dish. Spoon on half the cottage
cheese, evenly distributed; pour on
half the sauce; top with half of
Mozzarella slices. Repeat layers.
Sprinkle top with Parmesan. Bake
in moderate oven (375°F) 30 min-
utes. Makes 6 to 8 servings.

Outdoors In Texas

Too many anglers fail to get the
full benefit of their fishing tack-
le. Why? Because they don't use it
enough.

Many times you can't get out
on the water when you want to.

But there's always the back-
yard.

Try it sometime. It's known as
dry casting . . . and there are
extra dividends.

Most of the best casters spend
long hours dry casting. It serves
many purposes, not the least of
which is getting acquainted with
their fishing equipment.

Since most of us must make
a living we can't always get on
the water every time we would
like to. Also most of the fishing
we do is in the daytime.

You Can Dry Cast Anytime

But you can practice casting
anytime — day or night. Some of
it you can do in the house. That
is if the Mrs. will let you get
by with it.

In addition to getting acquainted
with your tackle — getting the
feel of it and knowing just what
it will do — you can develop ac-
curacy that will save many a plug
for you.

There isn't a fisherman who has
not at one time or another hung
a plug in the top of a tree. But
the man who spends a few hours'
practice casting is less likely to
spend his fishing time climbing
trees.

Tree hanging also is an excell-
ent way to break a rod.
A fisherman I know was in the

boat with a companion who had
a brand new rod. He made a cast
with his buddy's rod. But some-
thing slipped . . . and the lure
dangled from the top of a pecan
tree.

Instead of pulling on the line
and breaking it, he gave about
three yanks with the rod and it
snapped . . . much to his chagr-
in and expense.

Later on his compadre hung his
plug in a tree in much the same
manner. He put his rod down on
the cowl of the boat, intending to
pull on the line. Just then a fast
boat passed. Its wake rocked his
boat and the rod went into the
water. So there he was . . . his
rod in the water and his plug in
a tree. It can happen to anyone!
In fact, it has happened to nearly
everyone.

Recently one of the best fisher-
men I know was out after trout
in Laguna Marde. He was sitting
in the front of the boat, looking
back. A trout hit and took out for
deep water in front of the boat.
My friend tried to stop the run
with his rod without turning around.
It bent and then snapped at the
ferrule.

Learn The Right Way
While backyard casting will not
eliminate all the hazards of fish-
ing, it will give you certain prac-
tice in handling the equipment which
will pay off.

In the first place you need to
start out right. If you are not
sure of the correct hold, you can
find illustrations in most fishing
publications or the little booklets
that accompany your rod and reel.
Study these instructions first. Then
follow them. They were prepared
by men who really know.

After you learn to cast right,
then you can begin deviation for
convenience.

Learn to cast with a flip of the
wrist. Most rods today have plenty
of quality built into them. Used
properly, they will throw a plug
as far as you need to, without the
necessity of your giving it a push
with your body.

Dry casting can stop or pre-
vent you from being a sidewinder
one who holds the rod out to one
side and swings the whole arm
and sometime the whole body.
That is a dangerous fisherman to
be around. There just isn't room
in a boat for two of this kind.

Wrist Action Important

Practice over and over the art
of using your wrist to develop
rod action. If too many years of
the wrong type of casting make
it almost impossible for your cast-
ing arm to quit working, try cast-
ing with the other arm.

One man used a short steel rod
for many years, with heavy line
and a slow reel. This caused him
to cast with his body. No one ever
was able to teach him otherwise.

To Stand Forever Is Loving Tribute

In beauty and dignity, a
monument chosen here
will forever after be-
speak your deepest sen-
timents, worthily ex-
press your devotion.

New Portable PRIMA 20 Adds, Subtracts, Multiplies,
Prints Permanent Record. This remarkable hand-
operated adding-listing machine gives credit balance,
calculates discounts, has 99,999,999 total capacity.
The PRIMA 20 is just 5 1/2 inches high, occupies 9 1/2 x
14 1/2 inches of desk space, and weighs only 9 pounds.
For businessmen, accountants, traveling auditors and
all who require a complete yet lightweight and portable
adding machine, the Prima 20 offers high efficiency and
dependability at low cost. It is also useful in the home
for checking itemized bills, auditing bank balances,
keeping budgets and preparing tax returns. Come in
soon and see the Prima for yourself.

Take your problems to Church this week — millions leave them there!

WHAT IS THERE TO THIS "WATCH THE BIRDIE" BUSINESS

Mother and daddy are all enthused about having their picture taken, but Junior is a bit dubious. He isn't so sure about that machine the man is pointing at them. He'll take a chance, however, if they say it's all right, because he has learned to place implicit trust in them. He will continue to trust them as he grows older, if they are always frank with him and never resort to deceit or little white lies.

Junior will go to church with mother and daddy and will grow up to find that the church is something he needs and can rely upon if they continue to attend regularly with him. Like all other things, in which he has found he can trust his parents, he'll find he can't go wrong about church attendance.
